About

Slipcoat™ MRA™

Slipcoat™ MRA™ is a 100% environmentally friendly industrial non-stick/anti-freezing coating product that is designed for use in the mining, railroad, power generation and related industries.

Slipcoat™ MRA™ is a patented formulation that is **Certified USDA BioPreferred** and 100% made in the USA.

Slipcoat™ MRA™ greatly reduces or eliminates materials buildup on all types of equipment surfaces caused by sticking and/or freezing while protecting metal surfaces from corrosion.

- ✓ **100% biodegradable and Certified USDA BioPreferred**
- ✓ **Significantly reduces materials buildup caused by sticking and/or freezing on all types of equipment surfaces**
- ✓ **No negative effect on equipment or downstream processing circuits**
- ✓ **Provides a protective film that helps inhibit rust and corrosion**
- ✓ **Delivered ready to use – no mixing or dilution is required**
- ✓ **Increase productivity, decrease operational costs and increase equipment lifespan**
- ✓ **Advanced filming technology allows for low usage – 1 gallon covers up to 800 square feet**
- ✓ **Non-permanent – use only when needed**

MRA™

applications

Slipcoat™ MRA™ is ideal for use with a wide variety of equipment in the mining, railroad, power generation and aggregate industries - anywhere that sticking and/or freezing of materials occurs
