

# Nothing Sticks To Us

# About

## Slipcoat™ FCS™

Slipcoat™ FCS™ is a non-stick coating product designed specifically for use in the processing, handling and transportation of food grade materials and the animal feed/nutrition industries.

Slipcoat™ FCS™ is proprietary, patent pending formulation that is **NSF Certified** for use on food contact surfaces and 100% made in the USA..

Slipcoat™ FCS™ greatly reduces or eliminates materials buildup on all types of surfaces caused by sticking and/or freezing, while protecting metal surfaces from corrosion.

# Product Overview

- ✓ 100% biodegradable, NSF Certified for food contact surfaces
- ✓ Significantly reduces materials buildup caused by sticking and/or freezing on all types of equipment surfaces

- ✓ No negative effect on equipment or painted surfaces
- ✓ Provides a protective film that helps inhibit rust and corrosion

- ✓ Delivered ready to use – no mixing or dilution is required
- ✓ Increase productivity, decrease operational costs and increase equipment lifespan
- ✓ Advanced filming technology allows for low usage – 1 gallon covers up to 800 square feet
- ✓ Non-permanent – use only when needed

# applications

Slipcoat™ FCS™ is ideal for use with a wide variety of equipment in the food processing, transportation and animal feed/nutrition industries anywhere that sticking and/or freezing of materials occurs.
